Remake Learning Days Kickoff

Thursday, May 17, 8:00-9:30am
David L. Lawrence Convention Center, Pittsburgh, PA

Join us for the Remake Learning Days (RLD) Kickoff as we celebrate the opening of nine days of future-ready, hands-on, relevant and engaging educational experiences for youth, families, caregivers and educators throughout southwestern Pennsylvania and West Virginia!

The RLD Kickoff takes place at the Intel International Science and Engineering Fair (Intel ISEF), a program of the Society for Science & the Public, which is the world's largest international pre-college science competition. At the RLD Kickoff, enjoy a unique experience with light breakfast foods, remarks and amazing learning opportunities. Then, tour the Intel ISEF Public Day, showcasing the work of approximately 1,800 student finalists from around the world conducting groundbreaking research in 22 STEM fields.

SPECIAL THANKS TO INTEL AND THE SOCIETY FOR SCIENCE & THE PUBLIC

Remake Learning Days events in Westmoreland County!

Creative Learning with Osmo

Thurs, May 17, 9:30am-12:00pm and 5:30-7:30pm
Hosted by: Norwin School District

Location: Sunset Valley Elementary School
City: North Huntingdon, PA

Children learn best through play, so let's bring play into our classroom! The Osmo system is a program that allows students to use hands-on manipulatives and their iPads to foster learning in key areas such as: creative problem solving, art, STEM (science, technology, engineering and mathematics) and common core. Join us for demonstrations of a variety of Osmo kits.

Relearn, Renew, Remake at Harrold Middle School

Thurs, May 17, 6:00-8:00pm
Hosted by: Hempfield Area School District

Location: Harrold Middle School
City: Greensburg, PA

Come see firsthand what our students have been creating in school and try a variety of STEAM activities! Activities featured include coding with Ozobots, circuitry, and stop motion animation software. There will be many opportunities to create, make and take.

Learning and Leading at Wendover Middle School Library Creation Studio Class

Wed, May 23, 3:30-5:00pm
Hosted by and at: Wendover Middle School Library
City: Greensburg, PA

Explore the fantastic work of eighth-grade students! Students and their librarian lead participants and feature twenty-first-century learning tools including HUE Animation Studio, Ozobots, Makey-Makey, and Video Cameras. Complimentary healthy snacks provided.

1st Annual Adelphoi Showcase of Stars

Thurs, May 17, 5:30-7:30pm
Hosted by and at: Adelphoi City: Latrobe, PA

Join us as we celebrate the talent, creativity and achievement of our student stars! Highlights include

a special performance and art show presented by our STEAM students as well as hands-on demonstrations in the Career Exploration Maker Space and delicious bites provided by our culinary students.

West Point STEAMERS Present 1st REMAKE Learning Day

Fri, May 18, 12:30-3:30pm
Hosted by and at: West Point Elementary School
City: Greensburg, PA

Join us as students and staff present STEAM stations and showcase projects highlighting activities from throughout the school year.

Wonderwall

Fri, May 25, 9:00am-3:00pm
Hosted by: Burrell School District

Location: Huston Middle School
City: Lower Burrell, PA

Help us celebrate Autism Awareness and sensory needs!

Students collaborate and create puzzle pieces for our interactive sensory wall that will be displayed in the hallway. The event times are 9:13-10:35am, 12:00-12:40pm, 1:13-1:55pm and 2:00-3:10pm.

Franklin Regional: STREAM Forward Expo!

Thurs, May 17, 5:30-8:00pm
Hosted by: Franklin Regional School District

Location: Sloan Elementary School
City: Murrysville, PA

The Franklin Regional STREAM Expo showcases innovative learning experiences that incorporate Science, Technology, Research, Engineering, the Arts and Mathematics! Demonstrations and hands-on activities feature EV3, Edison, Hummingbird and Flutter Robotics, Fidget Spinner Physics, Awesome iMovie Documentaries, Paper Circuitry, Sphero Art, Follow-Me Finch Robotics, Makey-Makey Magic, Focused-Perspective Art and a 3-D Block Party. Plus, paint a laser etched postcard or create your own designs.

3rd Annual Yough Family Fun Night

Fri, May 18, 6:00-8:00pm
Hosted by: Yough School District

Location: Yough Intermediate Middle School
City: Ruffs Dale, PA

Join us for an evening of STEAM-related activities, crafts, games, a Chinese auction, and more! Children to work through STEAM stations and receive prizes when they finish. Plus, food, drinks and the Kona Ice Truck will be available. Proceeds benefit the Yough Makerspace Lab. Cost: \$5 per person.

STEAM at Campus Children's Center

Fri, May 25, 11:00am-1:00pm
Hosted by and at: Westmoreland County Community College Campus Children's Center
City: Youngwood, PA

Join us as we highlight how STEAM activities can be accomplished with young children in fun and exciting ways! The activities focus on individuals making items to take home and continue to experience the joy of STEAM.

Explore Your World in Virtual Reality

Thurs, May 17, 5:30-6:30pm
Hosted by and at: Norwin High School Library
City: North Huntingdon, PA

Learn how to use your smart phone to view and create 360 degree photos! View a demo on how to use a Theta S camera to more easily create VR photos and videos. Discover how to upload your photos to Google Street View and become a Local Guide! And, a few lucky participants will walk away with a free Google Cardboard.

18th Century Trivia Night

Fri, May 18, 6:30-9:00pm
Hosted by: Fort Ligonier Education Department
Location: Fort Ligonier
City: Ligonier, PA

Looking for something fun to do as a family? Come and test your trivia knowledge of 18th century history! Not a history expert? Not a problem! Join us at 6:30 for a guided tour of the Fort Ligonier museum where (if you're listening carefully!) you will learn enough information to be competitive in this trivia event. Join us for a night of learning and fun! Cost: \$15 per person, \$12 for Fort Ligonier members (includes refreshments)

CHIP IT

Mon, May 21, 5:30-7:00pm
Hosted by and at: Marion Elementary School
City: Belle Vernon, PA

Please come and witness how our first and second grade teachers are implementing CHIP IT. It is a creative, hands-on, innovative and personal integration of technology in the classroom. Students demonstrate how they are learning with OSMO's, Breakout EDU, ESpark and Makedo kits. Plus, you can try too!
