Welcome to the Burrell School District’s Elementary Schools!

This booklet has been developed for the purpose of providing the students and parents of our elementary schools with information concerning guidelines, offerings, and programs. Whether you are currently enrolled, just beginning, or transferring from another school, we are pleased to have you with us.

Students, parents, and staff are proud of our educational excellence, which is demonstrated and practiced at each grade level. You will also share in this pride as you visit our schools, become involved, and get to know your child’s teacher.

As we work together in educating your child, we appreciate and encourage your participation in the process and suggestions for improvement.

### VISITING YOUR SCHOOLS

You are always welcome to visit your schools. In order to avoid interruption of the instructional program, you are asked to confer with your child’s teacher only at a mutually agreeable time. For the same reason it is important that telephone calls to the school be kept to a minimum.

All parents/visitors must enter the building by buzzing in at the designated main entrance and reporting directly to the office to sign in and out. The Burrell School District uses a visitor management system in all of our district buildings. The system is called V-soft, provided by Raptor Technologies, Inc. (more commonly referred to as “Raptor”). The system will better allow us to track visitors, contractors, and volunteers in our schools and provide us with a safer, more monitored environment for our students and staff. Upon entering a district building, visitors will be asked to present a valid state-issued ID, which will be scanned into the system. Upon reading the information, Raptor will check the national database to identify sexual offenders. It is important to note that the Raptor System only scans the visitor’s name, date of birth, and photo for comparison with a national database of registered sex offenders. Additional visitor data from the driver’s license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore, any other information connected to the visitor’s driver’s license is not accessible to any of the users. Once entry is approved, a photo badge will be generated that identifies the visitor, the date, and the purpose of his/her visit. Visitor badges must be returned to the office at the conclusion of the visit.

It is important to let your child walk to their classroom each morning by himself/herself. The teacher is busy preparing for the day. If you need to speak with the teacher, please send a note and request a call.

For the safety of our students no pets are permitted on or near school steps or door.
824. MAINTAINING PROFESSIONAL ADULT/STUDENT BOUNDARIES

This policy applies to district employees, volunteers, student teachers, and independent contractors and their employees who interact with students or are present on school grounds. All adults shall be expected to maintain professional, moral and ethical relationships with district students that are conducive to an effective, safe learning environment. This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct. Policy 824 provides examples of professional boundaries expected. The Burrell School District strives to provide a safe, positive learning environment for students in the schools. Any person, including a student, who has concerns about or is uncomfortable with a relationship or interaction between an adult and a student, shall immediately notify the Superintendent, principal or other administrator.

THE SCHOOL DAY

The elementary schools have a minimum of five and one-half instructional hours per day for Full-Day Kindergarten and Grades 1 - 5.

Children may enter the building at 8:50 a.m. Please do not bring children to school any earlier than 8:50 a.m. No supervision is available before 8:50 a.m.

The time for a student school day is as follows:

All Day Kdg. & Grades 1 - 5 9:10 - 3:40 (45 minute lunch/recess)

ATTENDANCE

The School Laws of Pennsylvania require all children between the ages of eight and seventeen to attend school continuously through the school term. Once a parent enrolls a child in school, he/she must attend until the age of seventeen unless he/she is legally excused. All absences are considered illegal except for the following reasons: personal illness, death in the immediate family, impassable roads, quarantines, and “exceptionally urgent reasons” approved by the principal.

Upon receipt of a written request from the parent or guardian of the pupil(s) involved, pupils of the Burrell School District may be legally excused from school to accompany parents on a tour/trip during the school term, when such tour or trip is evaluated by the building principal as being of an educational value sufficient to merit an excused absence. Any family trips for which prior approval is not obtained may be considered as unexcused and/or unlawful, and if in excess of three days, a First Notice of Truancy may be served to the parent/guardian.

Upon prior approval from the building principal, students may be excused from school to participate in an educational trip and/or “Take Your Child to Work Day” provided that:

- the school is notified in writing at least two (2) weeks prior to the trip;
- the student is willing to make up missed work;
- in any given year, the family educational trips do not exceed a total of five (5) school days
- the student has not accumulated ten (10) or more absences that school year;
- no standardized testing is occurring. (PSSA, OLSAT)
**STUDENT ABSENCE**

When a student is absent from school, the parent/guardian should place a parent request for an absence in Skyward by clicking Attendance (left side of the screen), then choose Enter Absence Request (on the right side of the screen), and add a request for your child. Please include your name, your phone number, your child’s name, grade, a reason for the absence, and date of absence. At this time you may request homework, which may be picked up after 2:00 p.m. in the office.

After a child is absent from school, he/she is required to present an excuse from his/her guardian or a medical excuse upon return to school. In the event of excessive absences, a letter will be sent home. When the absences reach 15 days, medical excuses will be required for all subsequent absences.

**STUDENT TARDINESS**

In the event students are late to school, parent/guardian must accompany their children to the office and sign them in.

Tardies are only excused when accompanied by a medical excuse. All other tardies will be considered unexcused. Unexcused tardiness may be counted as illegal absences after the total accumulated minutes equals a half day of instruction time.

**EARLY DISMISSAL**

Requests for early dismissals are disrupting to the school program and tend to lessen the importance of school in the minds of the children. You are asked to refrain from making such requests, except for very urgent reasons.

You must send a note on the day of the early dismissal stating the time and reason of the dismissal. Children must be picked up in the school office. Parents are requested to wait in the office for their child. Photo I.D. may be required.

**EMERGENCY CARDS**

At the beginning of each school year, every student must have an emergency card completed/updated through Skyward. If a parent cannot be reached, the instructions on the emergency card will be followed. Each card must have the telephone number of a reliable neighbor or relative that can be reached in the place of the parent to take a sick child home.
REGISTRATION

Children who will be five years old on or before September 1 are eligible for kindergarten. Children who will be six years old on or before September 1 are eligible for first grade.

Registration is held in January. The exact dates, times and places are announced in the local newspapers. Notices are sent home with those attending the elementary schools and posted on the school website. Kindergarten Screening is held in May.

Parents/Guardians must present a birth certificate and immunization records as proof of the child’s eligibility for school. You must also provide one of the following: mortgage, deed, current lease, or property tax receipt demonstrating that you reside in the Burrell School District. A driver’s license with the same address as on the residency document and a current utility bill (Gas, Electric, Water or Sewage) will also be needed as proof of residency.

Families that move into the Burrell School District should register at the district administration office.

CHANGE OF ADDRESS

A parent or guardian should immediately notify the school of any change in address, telephone number, or bus stop. A parent is required to sign a district Student Change of Status form for change of address within the district within 15 days of moving. An updated driver’s license, a mortgage/deed/current lease showing the new address, and a current utility bill from the new residence (Gas, Electric, Water or Sewage Only) will also be needed as proof of residency.

TRANSFERS

Families who move into Burrell School District should register at the district administrative offices. Parents must sign a withdrawal form before moving. Families who move from the district should obtain transfer papers to present to the new school. No records will be sent to the new district until all financial obligations are met. This includes any outstanding lunch balance. All books (classroom & library) must be returned before records are sent.

EMERGENCY CLOSING OF SCHOOLS

When the weather conditions make traveling dangerous, our schools will be closed or will be delayed for 2 hours. Announcements of the closing/delay of school will be provided through the School Messenger system, the Burrell website @ www.burrell.k12.pa.us, KDKA, and WTAE (includes WHTX-FM) news stations.

Should weather conditions compel us to have an early dismissal, all parents will be notified by the district through the School Messenger system, the Burrell website @ www.burrell.k12.pa.us, KDKA, and WTAE (includes WHTX-FM news stations.
SIX DAY CYCLE

The schedule for classes on the elementary level will be based on a six-day cycle. This is a rotation process based on numbering the days 1, 2, 3, 4, 5, 6. The advantage of this rotation is to help our students receive all courses of study uninterrupted due to school delays or cancellations.

BUS INFORMATION

Bus changes are allowed only in case of an emergency. No bus changes are allowed for play dates, parties, etc. Please send a note with your child listing the bus number and the reason for the changes. The office will call for the approval of the student bus change.

BOOKS, SCHOOL, AND SUPPLEMENTAL SUPPLIES

The Burrell School Board furnishes all textbooks and ordinary supplies. Children are expected to take reasonable care of all books and are held responsible for any loss or damage.

Once children use supplies distributed by the School District, it is the responsibility of parent/guardians to provide supplemental items.

CAFETERIA 2017-2018

The mission and goal of the Burrell School District Food Service Department is to encourage healthy eating for students by providing affordable and appealing meals of high nutrition and quality in an atmosphere of cleanliness, cheerfulness and personal caring. Please review the following information regarding Food Service.

- BSD Food Service serves breakfast, lunch, and a la carte items in each building cafeteria. Breakfast is not served when school is on 2-hour delay. A la carte items are items that are sold separately and not designated as part of the school lunch or breakfast meal.
- A computerized Point of Service (POS) Debit System is in place. Every student is assigned a unique 5-digit PIN number upon enrollment. This system allows for no status identification. Students enter their own PIN number when they reach the cashier. At that time, money is deducted from the account for cafeteria purchases. Money on account may be used for breakfast, lunch and any a la carte items. A la carte items can only be purchased when there is money in the student’s account or cash on hand to cover the full cost.
- Students may pay cash daily, but it is recommended that an account balance be kept. Any amount of money can be sent in for your child’s debit account, either cash or check. A check is preferred and should be made out to BSD Cafeteria. Include the child’s name and PIN number in the memo. Money can be sent in with your child, dropped off at the cafeteria, or mailed. Payment can also be made online by credit card or electronic check by using the electronic payment system. This gives parents the ability to make payments, view current account balances, set up reminders for low balance notifications, and view your child’s purchases and activity. More information about the electronic payment system and accessing your child’s account information is posted on the district website under Food Service.
The district participates in the National School Lunch Program which allows for free and/or reduced price meals to qualifying students. Applications for free and reduced status must be done annually. Only one application per family is required. You can apply online at: [www.compass.state.pa.us](http://www.compass.state.pa.us). Applications are also sent home with each child at the beginning of the school year. If you receive a “Direct Certification” letter, no application is required because it automatically qualifies all students within the household for free meals. Students who are eligible for free or reduced price meals may also keep money in their debit account for à la carte items. All purchases, including meals, made prior to being approved for free or reduced status are still your responsibility and must be paid according to full price.

*The POS system is a debit system - not a charge account.* Cashiers will make every effort to inform students when the account balance is low, but parents/guardians are responsible for maintaining funds in the account to use the debit system. If your child does not have cash on hand or money in their account, the following SCHOOL MEAL ACCOUNT PROCEDURES are in place to provide meals to students and to collect payment. *Note: All meals provided will be charged at full price to the student's debit account. The parents/guardians are responsible for full payment of all charges incurred as a result.*

**SCHOOL MEAL CHARGES AND ACCOUNTS** - The District permits students to incur reasonable charges for school meals. In an effort to ensure the effective operation of the District’s food service program, the District establishes the following procedures for student payment of school meals.

- Students may only incur charges for reimbursable school breakfast and/or lunch meals.
- Students who owe funds will be limited to one reimbursable breakfast and lunch per day.
- A la Carte items including milk shall not be provided to students without sufficient account balance and/or cash on hand.
- Current student account balances are available at all times through Skyward and/or by calling the Food Service Director.
- Parents/Guardians are responsible for payment of student meal accounts.

**COLLECTION OF UNPAID MEAL CHARGES**

- The District shall make reasonable efforts to collect outstanding balances from parents/guardians.
- The District shall use the following methods to notify parents of outstanding balances and to collect money owed: Skyward notifications, automated phone calls, personal phone calls, emails, notices distributed to students, notices mailed to parent/guardian, letters mailed to parent/guardian, submission to Magistrate for collection (when other methods have been unsuccessful.)

At the end of each school year, any funds remaining in your child’s account will carry over to the following year. Seniors must pay any outstanding balance prior to graduation. Funds remaining in a senior account will be transferred to a sibling or a refund will be processed upon request. Please visit the district website Food Service Department page for more information.

**PTA**

The education of your child is a cooperative enterprise. Close cooperation and understanding between the home and the school are most important. To help achieve this, there is a parent-teacher organization in each of the schools. Stimulating and challenging meetings are held several times a year.
You are urged to join and to become an active member of one of these groups with just one idea in mind - the educational well-being of your child and all children.

PARTIES

PTA-sponsored parties are held at Halloween, Christmas, and Valentine’s Day, only. There are to be no parties for any other reason without the permission of the principal. All snacks and beverages consumed during these PTA-sponsored parties are provided by the PTA and district food service as approved by the building principal. All treats brought from home must be pre-wrapped in original product packaging or plastic wrap/bags and must be exchanged, not consumed, at school.

A child may bring a treat on the day of his/her birthday. Treats should be kept simple, NO PIZZA PARTIES, PLEASE. In order to avoid embarrassment to any child, invitations to individual parties are not to be passed out in school unless girls ask all girls or the entire homeroom class and boys ask all boys or the entire homeroom class. All student information is confidential; therefore staff personnel cannot give out any information regarding addresses, telephone numbers, or any other personal information. Office personnel do not send out invitations/mail for any reason.

VOLUNTEER CLEARANCES

All Volunteers working with students must have board approved clearances. Clearance information can be found on our Burrell website. Clearances must be dated within 1 year of application and must be renewed every 5 years to maintain volunteer status.

HOMEBOUND INSTRUCTION

When children are unable to attend school for an extended absence because of illness or injury but are able to profit from instruction, teachers are assigned for a limited period, usually for no more than five hours a week, to provide instruction at home. A physician recommending homebound must provide the following information to the building principal for approval:

1. Diagnosis
2. Prognosis and estimated length of time the student should remain at home.
3. A statement clearly indicating that classroom attendance will be harmful to the pupil.
4. Restricted or special circumstances, if any, under which the pupil should be taught.

HOMEWORK

Homework may be defined as any work planned or approved by the teacher to be completed by the student outside of the regular classroom without the direct and immediate supervision of the teacher. It can take a variety of forms and may be based on need and special interests as determined by the teacher. In September, each student in grade 1-5 will be given a planner for assignments. Parents should check nightly for homework.

Homework is a very important part of a child’s education, and all homework assignments are required to achieve goals set for the grade level or school. To be meaningful, homework should be related to classwork. A good assignment stems directly from preceding classwork, and the completion of it is related clearly to what has been done in class.
**Purposes of Homework:**
1. To enrich and extend school experience through related home activities.
2. To reinforce learning by providing practice and application.
3. To stimulate effort, independence, responsibility and self-direction.
4. To encourage a carryover of worthwhile school activities into permanent career and leisure interests.

*(See the Homework Guidelines located at the end of this Handbook for more specific details.)*

**HEALTH SERVICE**

The health office is open during regular school hours. The Pennsylvania School Health Law requires that the school provide medical examinations for children upon original entry into school and dental examinations upon original entry into school and in grade 3. Parents will be provided with forms and may choose to have their child receive a private exam. Any student who has not returned a private exam will be scheduled for a school exam. Vision, height, weight, and BMI screenings are done each year. Parents will receive notification of the results of these screenings. Hearing exams are done on all students in K-3, and parents are notified if the student does not pass the test.

**MEDICATION POLICY**

The Burrell School District recognizes that parents have the primary responsibility for the health of their children. Although, the district strongly recommends that medication be given in the home, it realizes that the health of some children requires that they receive medication while in school. Please refer to the medication policy that was sent home on the first day of school for directions or call your school nurse at Bon Air 724 334-1463 ext. 4117 or Stewart 724-334-1483 ext. 5029.

Students are not permitted to carry medication during school hours. All medications must be delivered to the school nurse by a parent or responsible adult along with the proper paperwork. The medication must be in the original container and properly labeled. Exceptions can be made for inhalers with the approval of the school nurse.

Fieldtrips: If your child requires prescription medication to be given during a fieldtrip, please call the school nurse at the beginning of the year or as soon as possible to make arrangements.

**SCHOOL INSURANCE**

Parents may purchase a school group accident insurance for their children at minimum cost at the beginning of each school year. The policy covers injuries by accident while the child is in school or is traveling to and from school. Policy information will be provided on the first day of school.

**CHILD ABUSE**

Under the Child Protective Service Act of 1975, all school district personnel (administrator, teacher, nurse, etc.) are mandated by law to report suspected child abuse. Reports of suspected abuse will be made immediately by telephone and a written report follows within 48 hours.
Concerned citizens may also make a report of suspected child abuse if he/she has reasonable cause to suspect that a child is an abused child by calling toll-free Child line at 1-800-932-0313. All reports made are strictly confidential, and you may remain anonymous. Parents may use the line directly without notifying the school especially in cases of pre-school children.

**SCHOOL SAFETY ZONE**

A student/person 18 years of age or older who is caught trafficking drugs to minors (anyone under 18 years of age) within the zone and is convicted of that offense shall be sentenced to a minimum of at least 2 years confinement.

**FIRE DRILLS**

In accordance with the School Laws of Pennsylvania, fire drills are held no less than once each month, depending on weather conditions (they will be rescheduled in a new month). Children are taught to leave the building quickly and safely.

**LOCKDOWN DRILLS**

Lockdown drills will take place throughout the school year. These drills are conducted to establish procedures regarding how to respond to a critical incident within or around the school building. These drills are designed with the help of a school safety committee, local law enforcement, and emergency management officials.

**PETS AND ANIMALS ON SCHOOL PROPERTY**

BURRELL SCHOOL DISTRICT STANDARDIZED TESTS

In accordance with the recommendations of the Superintendent of Schools, the Board of education has approved a designated policy to provide information concerning the proficiency of all children in the district on standardized tests of academic achievement and aptitude.

The results of these provide a continuing record of each child’s academic progress in comparison with national norms. They are also an invaluable aid to your child’s teacher and counselor in diagnosing individual strengths and weaknesses in order to provide more effective individualized instruction. During the coming school year, the following tests will be administered to elementary students as part of this program:

Parent-teacher conferences will be scheduled in November for grades K-5, and throughout the year as the need arises. These conferences will provide an opportunity to share information, which will lead to a better program for your child. Please make every effort to resolve any problems with your child’s teacher. Should you then feel that further assistance is necessary, contact the elementary principal or guidance counselor.

CHEATING

Cheating is not an acceptable practice in the Burrell School District. The classroom teacher will handle any incidence of cheating on an individual basis.

Children who qualify for this program demonstrate a need for special help in skill development. Children meet with the Title I teacher on a scheduled basis either in the regular classroom or in the reading resource room. Each Title I teacher is a certified reading specialist.

Funding for this program is based on the percentage of children on free and reduced lunches in the Burrell School District. You are encouraged to complete an application anytime during temporary lay-off or strikes throughout the school year.

A filtered Internet connection on our GUEST wireless network will be provided for student use. Students may be asked to use phones and devices ONLY for educational purposes including word processing, presentation development/delivery, as well as recording of audio and video. Under NO circumstances are pictures, audio or video recordings to be shared with others outside of the classroom where it took place. Students and parents need to be aware of several rules and requirements before a device is brought to school:

Students involved in such acts will be disciplined according to policy. Legal authorities will be contacted if any local, state, federal or FCC polices are broken.

BURRELL ELEMENTARY SCHOOL HOMEWORK GUIDELINES

DEFINITION

Homework is any planned work completed outside the classroom with the approval of the teacher.

PHILOSOPHY

Homework is an important part of almost every learning activity. Since it is an important part of the student’s academic experience, the teacher is not the only person responsible; the parents as well as the students must also assume their responsibilities. Cooperation between the home and school are vital if educational assignments are to make an important contribution to the total educational experience of the student. Homework is neither punishment nor busywork and should not be assigned for disciplinary reasons.

OBJECTIVES

The following objectives meet the needs of the elementary students:
1. That some homework can be individualized for special needs of various children.
2. That homework should be a natural and meaningful outgrowth of classroom activity with flexibility in quantity and purpose.
3. That homework standards and purposes should be clearly established by the teacher and understood by students and parents.
4. That homework should encourage the development of independent work habits, study skills, and a sense of personal responsibility so that the student may become an independent learner.
5. That homework should reinforce learning through the practice, application, integration and/or extension of knowledge and skills.
6. That homework should stimulate originality and creativity.
7. That homework should stimulate home-school communications and encourage parents to provide:
   A. Suitable environment for study
   B. Interest and assistance
   C. Adjustment of activities and appointments
   D. Home literature and materials (encyclopedia, dictionary, newspapers, atlas, writing tools)
   E. Selective listening and TV viewing
   F. Family enrichment activities
8. That homework should improve skills in basic subjects, prepare the student for classroom instruction, increase knowledge learned in classroom, and develop skills of research.
9. That homework should help students organize and condense knowledge, organize time and activities, and teach responsibility and a sense of accomplishment.

HOMEWORK GUIDELINES FOR TEACHERS

Homework should:
1. Stimulate voluntary effort, initiative, independence, responsibility, and self-direction.
2. Build on student’s skill development and/or interests.
3. Reinforce school learning by necessary practice, integration, or application.
4. Be structured with a purpose.
5. Be of appropriate length.
7. Be reasonable in quantity and requirements in relationship to homework assignments for other subjects or courses, holidays, and activity participation.
8. Provide information to parents about students’ educational program and their progress in it.
9. Encourage parent interest and assistance without requiring parent instruction.
10. Provide opportunity for home enhancement of school learning, skills, and interests.
11. Discourage copying or plagiarizing work for successful completion.
12. Encourage carry-over of worthwhile school activities to permanent leisure interests.
13. Be checked to observe learning, student weaknesses, and give value to the task.

Homework should not:
1. Be used as punishment or busy work.
2. Require that the student has special skills not learned previously.
3. Presume availability of home facilities, dictionary, thesaurus, maps, encyclopedia, study area, parental aid or supervision.
4. Monopolize after-school time for constructive use in expanding personal interests, developing special talents, engaging in beneficial recreation or jeopardize necessary rest period.

**HOMEWORK GUIDELINES FOR STUDENTS**

Each student has the responsibility to develop good work and study habits. The student, in preparing an assignment, should:

1. Budget time to complete assignments made and see that completed assignments are turned in on time.
2. Students are responsible for making up any work missed during an absence. Once the material has been assigned, it is up to the student to see that it is completed on time.
3. Ask for further explanation if original directions are not completely understood.
4. Develop a personal system for remembering and/or recording assignments.
5. Initiate the request for help when needed.

**HOMEWORK GUIDELINES FOR PARENTS**

Cooperation by the parents is a very necessary factor in the meaningful homework experience. Parents can encourage their children by showing interest and setting up helpful attitudes toward homework.

1. Provide a quiet, well-lighted study area with a desk or table and a comfortable chair. 
2. Keep study tools available: pencils, sharpener, pen, crayons, paper, ruler, dictionary. (An atlas, encyclopedia and globe of the world are available at-home aids also.)
3. Establish a regular time for homework. (Although home activities and appointments may require change of homework time, consistency helps to make study at home a regular habit of learning. For the primary child especially, doing homework immediately after school may be inadvisable since he/she may need the change of pace of rest or play.)
4. Limit television viewing and avoid TV or radio listening during study time.
5. Inquire about your child’s homework and help him/her to budget time for completion and ample sleep.
6. Following an absence, have your child initiate a request for make-up work.
7. Encourage step-by-step work in long-term or major projects to avoid last minute, careless work.
8. At his/her request, help your child with homework tasks and show your interest in successful completion. DO NOT DO THE WORK FOR YOUR CHILD.
9. Share your own interest in reading, writing, learning or special talents with your child to show that you value learning.
10. Encourage your child to practice learning skills in home chores: shopping, home and yard care, personal belongings, care of pets.
11. Consider family trips and vacations that provide enrichment learning experiences.
12. Do not discard any papers without checking with your child first.

BURRELL ELEMENTARY SCHOOLS

CREED

Keeping in mind the ideals of a desirable learning environment, I will:

1. develop good judgment and common sense
2. develop the principle of the Golden Rule (treat others the way you wish to be treated)
3. develop respect for the property of others
4. develop respect for the right of others
5. develop an awareness of the kind of behavior that is acceptable in specific areas of the building
6. develop a responsibility for my own actions
7. develop respect for authority

INTRODUCTORY STATEMENT

The environment for learning in a school may often determine how much learning takes place. It is the aim of the Burrell Elementary teachers and administration to be aware of the existing conditions in order to improve the school’s learning environment. We must help children to develop an awareness of themselves and establish a sense of responsibility for the welfare and safety of others. It is the responsibility of the teachers and administration to develop the kind of behavior that is fostered by good judgment.

To achieve the above, a cooperative approach was followed. The teachers and administrators, in cooperation with students and parents, listed specific objectives to improve the Burrell Elementary learning environment.

BULLYING / HARASSMENT

These rules and regulations are to serve as general guidelines to which specific instances may be applied. A student will not make another person feel hurt, afraid, or uncomfortable over and over again for a long period of time. Bullying, as it is counter to all the expectations set in our Burrell Elementary Schools Creed, will not be tolerated.

The Burrell School District believes that all students should enjoy a learning environment free from all forms of discrimination including unlawful harassment. Therefore, the Burrell School District maintains a policy prohibiting all forms of harassment or discrimination on the basis of race, color, national origin/ethnicity, gender, disability, sexual orientation, religion, or any other condition. All persons are to be treated with respect and dignity.

Bullying is any unwanted aggressive behavior(s) by another youth, siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.

Bullying may inflict harm or distress on the targeted youth including physical, psychological, social, or educational harm.

The following are steps students should follow to stop a potential bully:

1. Firmly tell the person who is bothering you what your feelings are and that you want the undesired treatment to stop.
2. Remove yourself from situations you share with the person who bothers you.
3. Talk to a family member for other strategies and support.
4. Contact a professional staff member to report incidents.

If a bully still does not stop, follow these steps:

1. Tell the staff member immediately responsible for the situation in which you are being bullied. (for example: Tell the bus driver if it is on the bus, cafeteria/recess aide if it is at lunch or recess, teacher if it is during class time.)
2. Talk to the Guidance Counselor for additional strategies and to reinforce your response to a bully.
3. If a bully persists, ask to talk with the principal.

Consequences for bullying are as follows:

If your bothering of others develops to bullying, you may attend a meeting with your parents/guardians, the Guidance Counselor, and the staff member who spoke with you. You may be asked to participate in conflict resolution with the Counselor/ESAP team member and the person you are bothering. Consequences for persistent bullying, harassment, or intimidating are as follows:

a. 1st offense, you will be told to stop by your teacher or principal and your parents/guardians may be called
b. 2nd offense, you will meet with the principal and be reminded to stop
c. 3rd offense, QT will be assigned
d. 4th offense, in-school suspension will be assigned and you may be referred to ESAP
e. 5th offense, you will be suspended for up to three days
f. If continued offenses are reported, you may receive 3-5 days of suspension and local authorities will be contacted.
g. ESAP will make recommendations for you to cease your bullying behavior which may include the following: professional counseling, mental health evaluation, lunch bunch groups, social story groups, and/or peer/professional mentoring.
Families and school must join together to form a lasting partnership that will direct the efforts of both parties toward the education of children. Recognizing that parents are the child’s first teachers, and that schools should continue to enhance the education process, Bon Air Elementary School is committed to developing a partnership with parents which will establish an environment where parents feel welcome and needed, and are encouraged to actively participate in the education of their children.

The Bon Air Elementary Title I Parent and Family Engagement Guidelines are to be fulfilled in the following manner:

A. Parents will be notified regarding their child’s participation in the Title I Program. Parents will receive a copy of the Title I Parent and Family Engagement Guidelines.

B. Early in the school year, parents will be invited to Project Discover to learn and ask questions about the school, teachers, curriculum, assessments, State standards, procedures, and to be presented a general overview of the Title I program.

C. Title I Parents will also be invited to an annual meeting where they will be given an opportunity to learn more details about the Title I Program, to meet the Title I staff, to receive information, and to ask questions. Information regarding Title I testing and qualifications to enter the program will be explained.

D. Efforts will be made to assist parents in understanding Title I testing, State and local assessments, ways to monitor their child’s progress by identifying specific strengths and needs, and working with school staff to improve achievement.

E. A Parent-School Compact, designed by Title I staff and parents will describe how families, the Title I staff, and the students will share the responsibility for improving student achievement. This compact will be explained and given to parents during the annual meeting or parent conferences.

F. Families will be invited to attend at least two Title I parent/teacher conferences per year.

G. Parents will receive timely information about Title I family meetings, and other Title I activities held throughout the year.

H. There will be opportunities for parents to share concerns and offer suggestions for the continued improvement of Bon Air Elementary School’s Title I Program through additional Title I meetings and surveys.

I. Title I activities held throughout the year will provide an opportunity for the families to observe the caring efforts of various Bon Air staff to help the families learn how to be actively involved in their child’s learning.
J. Title I parents will be given the opportunity to serve on the Title I Parent Advisory Board made up of administrators, teachers, and parents. This Board is designed to guide in the development of a stronger Title I program. Members of this Board will represent the entire Title I Parent Council and will plan, review, and offer suggestions for the Parent and Family Engagement Guidelines each year.

K. Bon Air School will be open and inviting to parents and families. Parents are welcome in the school, and their support and assistance are sought. Capitalizing on the expertise and skills of the parents strengthens the family, school and community partnership.

L. Parent and Family Engagement events will be held several times throughout the school year. These events will focus on parent trainings, the sharing of instructional strategies, explanations of curriculum and State academic standards, and opportunities for families to participate in learning activities together. These events will be held at various times of the school year and will be offered at various times of the day in order to accommodate families.

M. Efforts to maintain communication between home and school will be regular, two-way and meaningful. Effective communication requires school-initiated contact with the parent and parent-initiated contact with the school where both parties provide vital information about a child’s strengths, challenges, and accomplishments. Phone calls, notes, and conferences/meetings will be opportunities for this communication.

N. Schools and parents will cultivate relationships with additional members of the community in order to promote and effectively increase educational opportunities for children. Together, parents, educators and community members will join efforts toward identifying and promoting community resources and innovative programs for strengthening schools, families, and student learning.

O. Parents are provided with individualized suggestions and materials to help their children become stronger learners. These types of materials are made available throughout the year in the Title I Parent Resource Center, at Title I parent and family engagement events, and through ongoing collaboration with parents. Information will be sent home to parents regarding how to obtain these materials and parents are encouraged to contact the school if more information is needed.

P. Information relating to programs, meetings, and activities will be sent to participating families in a format, to the extent practicable, in a language the parents and family members can understand.

Full realization of the partnership will be achieved through the on-going commitment and active participation by both home and school.
